The machines are portable and not expensive, and save numerous lives. The Fire Protection District is asking local governments to purchase the units, and the District will provide free training and maintenance of the machines. The training would be approximately 4 hours. The price range is from \$900 to \$3,700 for different types of machines. The Village of Lisle, City of Naperville, and most park districts and school districts have begun to carry the machines.

Trustee Klaeren arrived at 7:45 p.m.

Supervisor Clarke asked for a consensus to purchase one or two defibrillators at a cost of approximately \$1,600 each from the state purchasing program. There is no bidding required, and the funds are available in the current budget. Trustees agreed that Supervisor Clarke should proceed with the purchase. The training will be scheduled after the machines are delivered. All employees will be required, and all officials are encouraged, to attend the training sessions.

Resolution to Adopt

IMRF Early Retirement Incentive

WHEREAS, Section 7-141.1 of the Illinois Pension Code provides that a participating member may elect to adopt an early retirement incentive program offered by the Illinois Municipal Retirement Fund by adopting a resolution; and

WHEREAS, the goal of adopting an early retirement program is to realize a substantial savings in personnel costs by offering early retirement incentives to employees who have accumulated many years of service credit; and

WHEREAS, implementation of the early retirement program will provide a budgeting tool to aid in controlling payroll costs; and

WHEREAS, the Lisle Township Board of Trustees has determined that the adoption of an early retirement program is in the best interests of Lisle Township.

THEREFORE BE IT RESOLVED by the Board of Trustees of Lisle Township that;

1. Lisle Township does hereby adopt the Illinois Municipal Retirement Fund early retirement incentive program as provided in Section 7-141.1 of the Illinois Pension Code. The early retirement incentive program shall take effect on **August 31, 2005**.
2. In order to help achieve a true cost saving, an employee who retires under the early retirement incentive program shall lose those incentives if he or she later accepts employment with any IMRF employer in any position.
3. In order to utilize an early retirement incentive as a budgeting tool, Lisle Township will use its best efforts to limit the salaries paid to the employees who replace the employees who retire under the early retirement incentive program.

4. The effective date of each employee's retirement under this early retirement incentive program shall be set by Lisle Township and shall be no earlier than the effective date of the program and no later than one year after that effective date; except that the employee may require that the retirement date set by the employer be no later than the June 30 next occurring after the effective date of the program and no earlier than the date upon which the employee qualifies for retirement.
5. To be eligible for the early retirement incentive under this Section, the employee must have attained age 50 and have at least 20 years of creditable service by his or her retirement date.
6. The Town Clerk shall promptly file a certified copy of this resolution with the Board of Trustees of the Illinois Municipal Retirement Fund.
