Early Voting

For the first time, registered voters in DuPage County will be early before all countywide elections as part of the Early Voting launched in Illinois in August 2005.

Unlike absentee voting, Early Voting does not require a reason for a ballot before Election Day. A registered voter simply drops in at a Voting site and presents a valid government-issued photo ID.

Election workers then verify the voter's registration status through the database at the DuPage County Election Commission.

Once validated, the database is updated (preventing the voter from voting at another location) and the voter is allowed to cast a ballot using a touch screen device. The vote will be tabulated once the polls close on Election Day.

PLEASE NOTE: Once an early vote has been cast, the voter may not go to the polling place on Election Day to cast a vote.

EARLY VOTING

Your Choice. Your Time.

What is Early Voting?

Developed in response to the Federal Help America Vote Act of 2002 (HAVA), the Early Voting initiative was passed by the Illinois legislature in August of 2005. It gives registered voters the opportunity to cast their ballot during an 18-day window before the official Election Day. It will take effect in DuPage County with the March 21, 2006, General Primary, and runs between February 27 and March 16.

Is Early Voting the same as absentee voting?

No. Absentee voting applies to those who are unable to get to the polls on the day of an election for a variety of reasons, such as travel or illness. Under Early Voting, anyone who is an eligible voter can cast a ballot during the Early Voting period, for whatever reason, by visiting a designated Early Voting site and showing a valid government issued photo identification (usually a driver's license).

How does Early Voting work?

The registered voter drops by an Early Voting site (*see list of Early Voting sites*) and presents a valid government-issued photo ID card. Election workers then verify the voter's registration status through a central database at the DuPage County Election Commission. Once the voter has been validated, the database is updated to reflect it, which prevents the voter from voting at another location. Eligible voters are directed to an ATM-like device where they can cast their vote using a touchscreen. The actual vote will be tabulated once the polls close on Election Day.

Will the program be available for other DuPage County elections?

Early Voting is mandated for *all* future elections in DuPage County.

Where can I get more information about the program?

Voters interested in Early Voting can call the DuPage County Election Commission at 630-407-5600 or visit our website (www.dupageelections.com) for a complete list of early voting locations and updates on the Early Voting initiative.
