- 4. Public hearing for the proposed 2024 Budget from the Road District.**

There are no operational changes from what was discussed at the May meeting. Capital expenditures were increased to reflect fuel tank needs. Using the Village of Lisle analysis as the benchmark, the costliest scenario of underground tanks for diesel and gasoline was used to be certain to cover the road district needs. It was also decided to have a supply of gasoline on site in case of emergency and each entity will most likely have their own diesel fuel.
